

Herjavec Group's Managed Security Services Practice defends global, enterprise-level organizations from increasingly sophisticated, targeted cybercrime threats. Our industry-recognized **HG SOC Operations** take on the day-to-day defense of your infrastructure by monitoring your network, systems and data, 24/7/365. With **HG MDR** and our supporting HG Managed Security Services, we deliver an integrated, measurable, threat-centric, holistic service.

THE HG MDR APPROACH

Threat detection and speed of response are top priorities for enterprises globally. **Herjavec Group Managed Detection & Response** can be leveraged on its own or in combination with HG SOC Services to support your best of breed endpoint solution. With HG MDR, your organization benefits from high fidelity alerting, improved threat detection and time to value in terms of expert-level response.

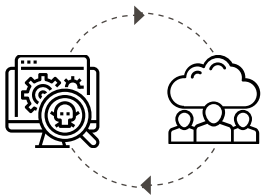

It's time to expect more than preventative security strategies and partner with HG to drive threat disruption, containment and remediation.

WHAT YOU SHOULD EXPECT
